

THE NEXT GENERATION OF LEADERSHIP ASSESSMENT

MBS Leadership Assessment and Coaching

Bringing together brain science and leadership effectiveness to get the results you want.

Why use this assessment?

- The quickest and most efficient way for you to create meaningful change
- An accurate picture of where and how to focus your change efforts
- The most effective return on your change efforts—practice just 10 minutes, 3 times a week, and in a month you and others will notice significant improvement

What makes this assessment different from all the others?

- Direct, objective brain-based measurement
- Founded in validated brain science using the world's largest brain database
- Targets the key brain processes and capacities that directly impact leadership behaviours
- Developmental orientation—provides fun and engaging brain-based solutions to build capacity in specifically targeted areas
- Opportunity to see progress through reassessment, providing immediate and meaningful feedback

How it works – A blended development approach

- Take an online objective assessment that measures brain processes (45 minutes)
- Receive easy to understand results that are linked to a personalized development plan with actionable steps
- Access brain-based games and exercises to build capacity
- Take a follow-up assessment to monitor progress
- **All supported by individual coaching conversations**

Assess, train, plan, monitor—drives results!
